

BerkeleyHaas

EMBA / Haas Academic Systems

[Cal Central](#)

Cal Central is the student portal for all UC Berkeley students. You will use Cal Central to confirm your enrollments each term, check your bill balance, pay your bills, see your grades, acquire transcripts, etc.

[bCourses](#)

bCourses is the Haas learning management system. Here you will find syllabi, communications from Faculty, assignment information, and class recordings of lectures (if and when available). You will receive an invite to join your bCourses pages once you have been enrolled in Term 1 by the Program Office in early April. There will be a tutorial on using bCourses during Block Zero.

[Study.net](#)

Study.net provides access to course materials (case studies, articles, pdf, etc). The materials are made available via your bCourses pages. Simply click on the **Study.net materials** tab on the left hand menu in bCourses and the list of study.net materials for each course will appear. Study.net course materials are available as a pdf to download to your computer. Study.net course materials will be available in early June upon enrollment in your courses.

[Amazon](#)

As part of your EMBA fees, the Program Office (PO) will purchase all required reading material. This will include textbooks in eText format from Amazon. In order to download your eTexts to your preferred digital device, you will need the [Kindle Reading App](#) and an [Amazon](#) account.
